

How it works:

- 1.) Choose 10 books. Your choice!
- 2.) Write the title of the books on the reading log.
- 3.) Have a parent or guardian sign when you are finished.

After you have read 10 books or more, take this completed form to the librarian when you return to school for a prize!

Encourage independent reading, as well as, reading with and to your child. Plan it into your schedule every day and make it enjoyable!

You can find suggestions on the back of this brochure. Do not limit yourself to these books; ***they are only suggestions.*** Explore the library bookshelves with your child and find books that interest your child. Learning how to choose a book to read is important for every child.

Use the "Five-Finger Test" bookmark to help you and your child find a reading level that is "just right."

Happy Reading!

Extra forms are available on the BHE website :
